

300LP

Extra EA-300LP

Extra Aircraft is proud to announce the latest addition to the Extra lineup – the **EA-300LP**. Building on the unsurpassed reputation of the Extra 300 series, the **EA-300LP** is specifically designed with competitive and performance pilots in mind. Our engineers have redesigned a number of aerodynamic features and weight-saving production processes to maximize performance for the most advanced aerobatic maneuvers a competition pilot would want to perform.

The new **EA-300LP** utilizes lightweight carbon honeycomb fuselage shells and is highlighted by a redesigned lightweight cowling for improved engine air flow. A titanium firewall and a lightweight oil-cooler system are additional weight-saving features that provide pilots with superior and safe performance in the high G-force environment of unlimited-category flying.

This latest high-performance model has all the design and built-in safety features of its predecessors. The **EA-300LP** has the unmatched JAA- and FAA-certification load factor to plus/minus 10 G's. However, for competition flying in which every ounce counts and precision is paramount, the **EA-300LP** is almost 30 pounds lighter, giving pilots a competitive advantage in the air.

Extra Aircraft:
Pilot inspired.
German engineered.
Internationally
renowned.

◆ Standard Features

Lightweight carbon honeycomb fuselage shells and carbon fairings

Lightweight carbon wheel and brake fairings

Cowling redesigned for aerodynamics and cooling efficiency

Lightweight Oil Cooling System

Lightweight Teflon Hose Kit with integrated fire sleeves

A Titanium firewall

Lightweight sport carbon fiber instrument panel

- Airspeed indicator
- Fuel gauges (Main and wing tanks)
- Altimeter
- Alternator warning light
- Mechanical accelerometer
- Digital RPM indicator w/ engine hr. meter
- Magnetic compass
- CHT/EGT gauge
- Manifold pressure/fuel flow indicator
- Ampere meter
- Oil temp/pressure indicator

Lightweight avionics package

Two Wingtip Sighting Devices (45°/90°)

Smoke System with automatic filling system

Aresti card holder

◆ Optional Features

Airspeed activated flight timer

Slip and skid indicator

Custom paint scheme

Single Seat Canopy

Lexane Baggage Tray

Cabin Heat

Leather Seats

Glider Air-Tow System

Electrically adjustable rudder pedals (rear)

1935 Fruitville Pike, #104
